MEMORY DI NATALE

AGUZZA LA VISTA

Quest'attività è composta da due pagine: nella prima pagina è presente il tabellone degli oggetti di Natale da presentare ai bambini, mentre nella seconda pagina dovrete tagliare ogni figura. Una volta tagliate tutte le figure, si mescolano e si potrà cominciare il gioco: girare una carta per volta e individuare nel più breve tempo possibile l'oggetto corrispondente! Chi trova per primo l'oggetto si prende la carta; vince il gioco chi avrà più carte!

In questo modo possiamo allenare le seguenti competenze:

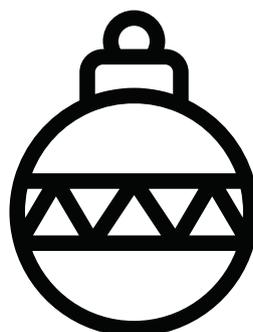

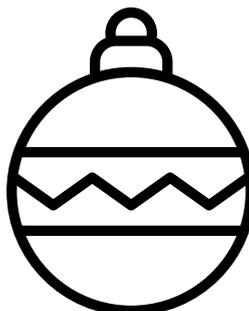

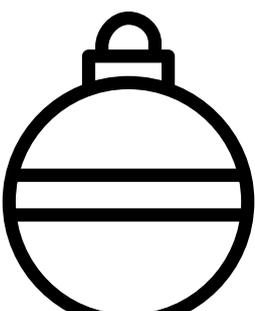

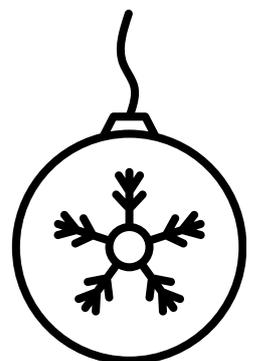

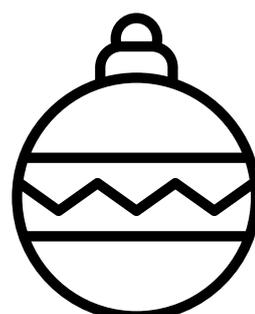

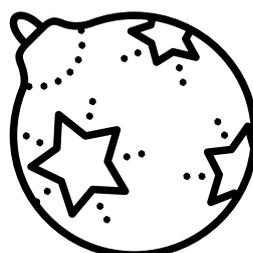

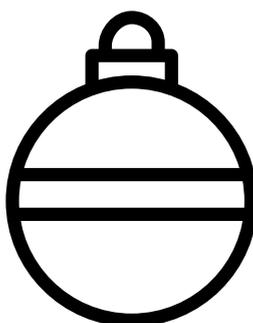

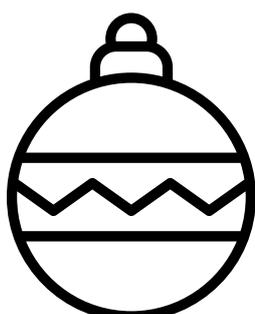

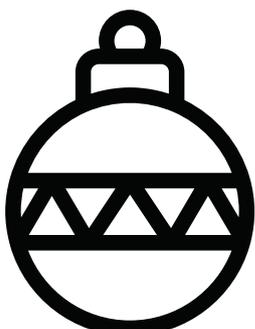

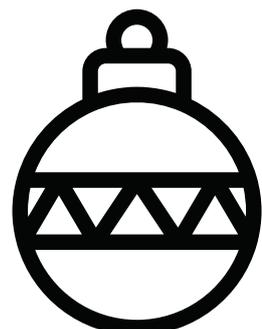

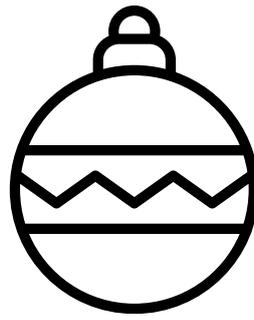

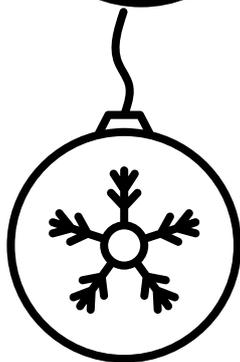

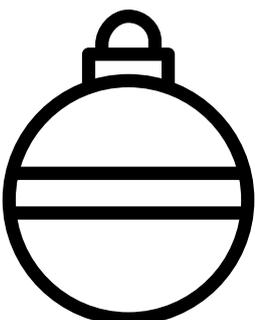

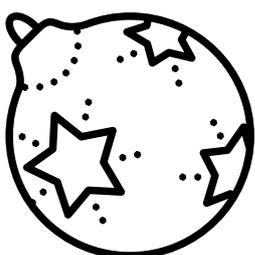

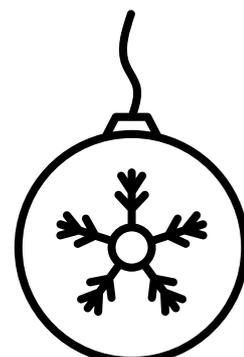

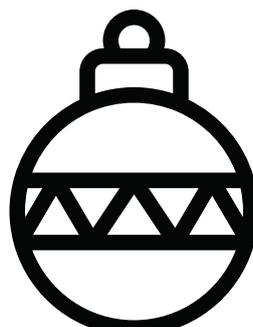

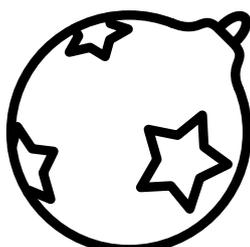

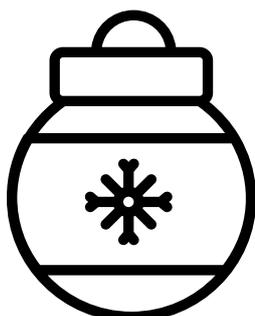

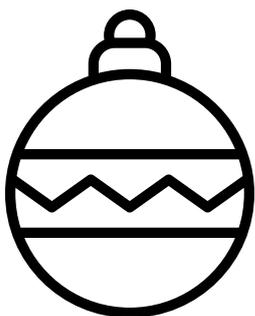

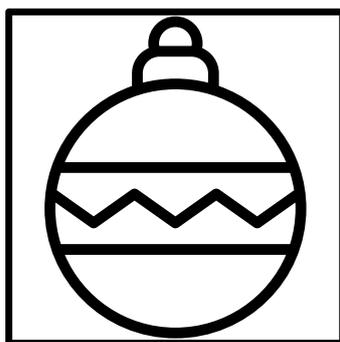

- Esplorazione visiva
- Attenzione visiva e discriminativa
- Ampliamento lessicale
- Abilità socio-relazionali

LA GRANDE

CACCIA AL

TESORO DI

NATALE

!! S.O.S. AI BAMBINI DI TUTTO IL MONDO: BABBO NATALE E' SCOMPARSO !!

Bambini, il Natale si sta avvicinando, ma è sparita ogni traccia di Babbo Natale! Dove sarà? Rudolf, la sua renna preferita, ci ha inviato un messaggio dicendoci che Babbo Natale è molto triste perchè ha saputo che tanti bambini non credono più in lui, nella sua esistenza.

Dobbiamo fare qualcosa!! Cerchiamolo e facciamogli capire quanto è importante per noi! Ci volete aiutare?
